NLG Helmet Lanyard

Product code: 101358

PRODUCT BRIEF / 101358

The hi-vis, high-stretch elastic design of the Helmet Lanyard make it the cost-effective and comfortable choice to keep hard hats safe at height.

NLG's Helmet Lanyard is the answer to preventing helmets becoming another dropped PPE statistic. Designed to fit every hard hat design, the NLG Helmet Lanyard is hi-vis to allow for easy identification and is elasticated to improve wearer comfort.

The unique Tough Teeth™ clip connects easily to all types of fabric and is specially designed to be used with only one hand. It is load rated to break at 14kg providing an additional safety feature if working in proximity to moving machinery.

INSPECTION

In addition to routine checks prior to each use, all equipment should undergo regular detailed inspection, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for thorough inspection.

Specification

- Hi-vis design provides easy visibility and promotes site compliance
- High-stretch elasticated webbing is comfortable and keeps out of the way
- Universal compatibility means the lanyard works with any helmet and quickly attaches to the accessory slot or internal harness
- Unique Tough Teeth™ clip design is effortless to attach, even with gloves on
- Safety breakaway feature ensures user safety near moving parts or machinery
- Great value makes it ideal for high volume construction site use
- Dynamic load tested and third party certified
- Dimensions: 40cm x 2cm
