PRODUCT BRIEF / 101420

A Superlight Safety Tool Belt that comfortably takes on the heavyweight with clever inside size adjustment leaving the outside clean and snag free.

The NLG Superlight Safety Tool Belt is purpose designed and structurally engineered for working at height and comfortable for all day use.

The triple action buckle gives the highest level of security against accidental opens whilst being compact enough to allow holsters and tool bags to slide easily on. The NLG Superlight Tool Belt's inside size adjustment keeps the profile sleek and snag free and makes it exceptionally fast to put on.

## INSPECTION

In addition to routine checks prior to each use, all equipment should undergo regular detailed inspection, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for thorough inspection.
