NLG Retractable Quick Clip Attachment

101456

NLG Retractable Quick Clip Attachment

Product code: 101456

The Retractable Quick Clip Attachment is used to quickly anchor the NLG Heavy Duty Retractable Tool Lanyard to D Ring style anchor point.

The Retractable Quick Clip™ Attachment has been developed to enable the NLG Heavy Duty Retractable Tool Lanyard to be used with any D ring-type anchor or similar anchor point. The Quick Clip™ facilitates easy connection even for operators wearing gloves due to its ergonomic trigger design.

The attachment transforms the Heavy Duty Retractable Tool Lanyard into a unit that can rotate freely through 360°.

INSPECTION

In addition to routine checks prior to each use, all equipment should undergo regular detailed inspection, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for thorough inspection.

Specification

- Works with NLG Retractable Tool Lanyard series
- Equipped with 360° Quick Clip™ connector for rapid connection
- Extended product life with high strength, wear resistant webbing
- Unique serial numbering for identification and tracking
- CE Marked
- Dynamic load tested and third party certified (2:1 safety factor)
- Dimensions: 14cm (L) x 5cm (W)
- Load Rating: 5KG (11lbs)

MAX LOAD (SWL)

5KG / 11LBS

SERIAL NUMBERED

Makes the management of inspection routines and reports easy and traceable

CODE: 101456
 DESCRIPTION: Retractable Quick Clip Attachment
 LOAD RATING: 5 KG / 11 LBS

03 / Conformity

The undersigned acting on behalf of [01] above hereby declares that:

The PPE described in [02] is in conformity with the provision and scope of our quality control and testing protocols set out in the PPE Regulation (EU) 2016/425 covering all PPE manufacturing, where such is the case, with the standard of fit for purpose design parameters. The above referred to Personal Protective Equipment [02] is identical to the equipment independently tested and certified by BSTL in accordance with EN 364:1992 test methods.

Dynamic drop performance testing conducted at 2:1 weight safety factor for tool lanyards and tether points. Static strength testing conducted at 5:1 weight safety factor for containers and storage equipment.

CERTIFICATE NUMBER: 42816DT-NLG-137456
 ISSUED BY: BSTL, Whittle Road
 Ferndown Ind. Estate, BH217RL, UK

04 / Authorised Person

I herewith certify that the equipment identified above in [02] conforms to the requirements as detailed above:
